This role includes retrofit installations, new construction projects, and participation in an on-call rotation for emergency service

Key Responsibilities:

- Install, service, and maintain gas fireplaces, gas piping, and ventilation systems.
- Perform retrofit installations in existing homes, ensuring safety, compliance, and minimal disruption.
- Work on new construction projects, coordinating with builders and trades to complete rough-in and final installation
- Diagnose and repair technical issues related to gas appliances and systems.
- Participate in a scheduled on-call rotation for emergency service calls.
- Ensure all work complies with local codes, safety regulations, and manufacturer specifications.
- Communicate clearly with customers and provide education on safe operation and maintenance.
- Maintain accurate service records and documentation.

Qualifications:

- Valid Gas Technician 2 (G2) license (G1 preferred).
- 313D certification
- Minimum of 2 years' experience in gas appliance installation, with a focus on fireplaces.
- Knowledge of venting systems, gas piping, and HVAC controls.
- Comfortable working in both retrofit and new construction environments.
